

REGISTRATION FORM

Please fax/mail registration form to the Conference Secretariat at: AV Consultants Pte Ltd, 336-C King George's Avenue, King George's Building, Singapore 208572, Tel: (65) 6735 6255, Fax: (65) 6392 4090 Email: secretariat@wutc2010.com, Contact Person: Rosalind Zee

Title: Prof Dr Mr. Ms. Mrs
 Family Name: _____ First Name: _____
 Company/Organisation: _____
 Address: _____
 Telephone: _____ Fax: _____
 Email: _____

The registration fees are nett fees, inclusive of prevailing GST

	By 30 June 2010	After 30 April 2010
LTA/ACES/IES/SIA/BCA/MOT/TUCSS/IET	SGD950	SGD950
Non member	SGD950	SGD1250
GALA Dinner	SGD100	SGD100

Full Conference Registration fee includes:

- Participation in all conference sessions and technical exhibition.
- Lunches, morning and afternoon refreshments during the conference.
- One set of conference package, inclusive of extended abstract book and CD-ROM
- Welcome Reception

This fee does not include a friendly Golf tournament. Ticket prices for the golf tournament will be announced in the 2nd announcement.

Payment

EXHIBITION & SPONSORSHIP OPPORTUNITIES

WUTC 2010 is Singapore's largest transit exhibition, highlighting and showcasing engineering breakthroughs and new technologies within the public transport industry. This exhibition offers an excellent opportunity for you to highlight your latest products and technologies. It will present unparalleled marketing and networking opportunities for the Urban Rail Transit Industry and offers participants the ideal platform to explore and expand into emerging markets.

In addition to the trade exhibition, sponsorship opportunities are also available. All sponsorships will be acknowledged by the Committee during the conference.

Companies that are interested in either exhibition opportunities or sponsorship packages, should contact the conference secretariat for more information.

WHO SHOULD ATTEND

WUTC is for leaders, decision-makers and stakeholders in the rail transit industry. It is a platform that will serve and attract the international community of professionals and specialists representing rail transit infrastructure developers and operators, civil engineering contractors, mechanical and electrical contractors, manufacturers and suppliers of rail equipment, locomotives, rail solutions, rail consultancies, bankers, investors, lawyers and insurers to meet, share and discuss the latest developments, technologies, policies and strategies in delivering effective and efficient rail transit systems.

TECHNICAL ADVISORY PANEL

Professor Arnold Dix, Australia
 Dr Glenn Frommer, Hong Kong
 Professor Yong Kwet Yew, Singapore
 Dr Eum Sung Jick, South Korea
 Professor Tony Ridley, UK

WORLD URBAN TRANSIT CONFERENCE 2010

SUSTAINABLE AND INNOVATIVE URBAN RAIL TRANSPORTATION SYSTEM

Jointly Organised by

LTA ACADEMY
SINGAPORE

Supported by

Land Transport Authority

Website

www.wutc2010.com

WELCOME MESSAGE

On behalf of the WUTC 2010 Steering Committee, comprising the Land Transport Authority (LTA) Academy, MSI Global Pte Ltd and the Association of Consulting Engineers Singapore (ACES), it is my pleasure to invite you to the World Urban Transit Conference 2010.

Urban transport impacts the economic vibrancy, environmental sustainability and quality of life of cities. Half of the world's population or some 3 billion people live in cities. Many cities face chronic traffic congestions and serious side effects such as pollution, inadequate public transport and other mobility problems. Thus, urban transport deserves to be given the utmost priority to minimize negative side effects.

The implementation of rail transit infrastructure as part of urban transport is a critical element in achieving a balanced transportation system. It affects cities' livability and global competitiveness. Therefore, the main theme of World Urban Transit Conference 2010 (WUTC 2010) is developing a sustainable and innovative urban rail transportation system in urban transport so as to improve the quality and effectiveness of transport system of cities.

The conference will cover all aspects of rail transit infrastructure, with 6 keynote lectures, delivered by prominent and renowned experts.

In conjunction, an International trade exhibition will be held. This international exhibition presents unparalleled marketing and networking opportunities for the Urban Rail Transit Industry and offers participants the ideal platform to explore and expand into emerging markets.

We sincerely invite you to take part in WUTC 2010 and look forward to your participation.

CALL FOR ABSTRACTS

WUTC 2010 invites you to submit your abstract for presentation (oral / poster) at the conference. Your abstracts should be written in English, 300 words or less on any topic within one of the 6 tracks.

All papers accepted by and presented at WUTC 2010 will be published in the Conference extended abstract book and in electronic media.

Please refer to www.wutc2010.com for the guidelines and details.

SIM WEE MENG
CHAIRPERSON
STEERING COMMITTEE
World Urban Transit
Conference 2010

CONFERENCE TOPIC

The conference will cover all aspects related to rail transit infrastructure, in 6 tracks, including

1) Urban Transit Planning & Studies

- Urban transport strategies
- Project financing
- Alignment studies

2) Rail Transit Infrastructure Development & Construction

- Conceptualization, planning and design
- Construction challenges
- Construction technologies
- Project management

3) Rail Transit Systems & Technology

- Rolling stock & trackwork
- Power and traction
- Fares and ticketing
- Signal, communication and control
- Electrical and mechanical systems
- Fire safety
- System integration

4) Sustainable Urban Transit

- Environmental management
- Green designs and technologies
- Sustainable construction

5) Transit Security, Safety & Risk Management

- Security strategies & technologies
- Emergency preparedness & management
- System reliability and assurance
- Risk management & insurance

6) Rail Transit Operation & maintenance

- Operational and maintenance
- Upgrading of infrastructure and systems
- Asset management

IMPORTANT DEADLINES

15 December 2009	Submission of Abstract
1 February 2010	Notification of Acceptance of Abstract
15 May 2010	Submission of Full Paper
30 Jun 2010	End of Early Bird Registration

AUTHOR'S POLICY

All published materials and spoken presentations will be in English. Authors are required to submit their accepted papers together with registration fees, in order to secure the publication of their papers.

World Urban Transit Conference 2010 is unable to reimburse authors for expenses incurred, either for the preparation for presentation of final papers or for travel and hospitality arrangements.

KEYNOTE SPEAKERS

WUTC 2010 prominent keynote speakers include:

Dr. Vukan Vuchic is UPS Foundation Professor of Transportation Systems Engineering and Professor of City and Regional Planning at the University of Pennsylvania, which he joined in 1967. He has lectured at 80 other universities, at many professional conferences and scientific institutions and authored about 150 publications. His research, focusing mostly on urban transportation, has been published in his "Transit Trilogy:" Transportation for Livable Cities (1999), Urban Transit Operations, Planning and Economics (2005), and Urban Transit Systems and Technology (2007).

In 1982 Dr. Vuchic became the first recipient of the "Dr. Friedrich Lehner Medal" in Germany. In 1990 he was awarded the University of Pennsylvania's UPS Foundation Chair in Transportation. He is a Foreign Member of the Serbian Academy of Sciences and Arts (SANU) and of the Russian Academy for Architecture and Construction Sciences (RAASN).

He has been consultant to several national departments of transportation, many cities and transit agencies. He is now a member of the International Advisory Panel for the Minister of Transport of Singapore.

Ms Barbara A. Nadel, FAIA, principal of Barbara Nadel Architect (BNA), is an award-winning architect, author, and journalist, specializing in building security, planning, programming, and design of civic infrastructure and institutional facilities. Her experience includes transportation, cultural, healthcare, justice, educational, and commercial development projects.

Since establishing BNA in 1992, Ms. Nadel has worked with the world's leading institutions, owners, design and construction professionals, and over 40 government agencies in the U.S. and internationally. Her accomplishments are multi-disciplinary, global, collaborative, and widely recognized.

Ms. Nadel is editor-in-chief of Building Security: Handbook for Architectural Planning and Design (McGraw-Hill, 2004), for which she received the 2005 American Institute of Architects (AIA) Institute Honors for Collaborative Achievement and the 2003 Milka Bliznakov Prize from the International Archive of Women in Architecture (IAWA), for creating this security resource.

She was 2001 AIA National Vice President, a two-term member of the AIA National Board of Directors, 2002 AIA Committee on Architecture for Justice Chair, and has held many professional leadership positions. In recognition of her many significant achievements, Ms. Nadel received the prestigious 2009 AIA Edward C. Kemper Award for service to the architectural profession.

Mr Lim Eng Hwee is the Chief Planner & Deputy Chief Executive Officer of the Urban Redevelopment Authority of Singapore (URA). As an urban planner, Mr Lim has extensive experience in strategic and local planning, implementation of land use policies and development initiatives. He has also served in the Ministry of National Development of Singapore and Ministry of Trade and Industry of Singapore, overseeing urban development and economic development policies and initiatives.

Mr Lim graduated with a Bachelor of Planning from the University of Auckland in 1989 and a Master in Public Administration from Harvard University in 1997.

Mr Didier Bense is the Director of Engineering Division at Régie Autonome des Transports Parisiens, RATP. He has extensive experience in transportation equipments and systems engineering. He modernised Paris subway lines 3 and 5, with the communication based train control system (CBTC).

Mr Bense is the President of the 'Electrical Installations and Safety Systems' subcommittee of the UITP and sits on the European Rail Research Advisory Council (ERRAC) & MODURBAN Supervisory Board.
